

INTRO TEXT : Holidaying at Home

HIYA!!

We're Meg & Mona.

We're artists and friends who LOVE to holiday. Sometimes we can't go on holiday, so instead we make the holiday come to us.

We hope you have fun with our two activities.

Meg's Package Holidays :

Why not create your own DREAM package holiday, inside an actual package?

You could make it inside an old shoe box, or an old postage parcel. You could craft bits and add in some real toys or props, to help bring your scene to life.

Then imagine you are inside your package holiday before designing and writing your postcard!

Mona's Mini Breaks :

Why not build your own mini break?

Use the props you have around you to create your little slice of paradise, in the form of a magical den.

Build it.

Enter it.

Write your message in a bottle.

Have fun.

Love,

Meg & Mona

xx

Meg's Task Intro :

Hi there,

I'm Meg from Meg's Package Holidays. I'm an artist and I like to make fun silly art projects. I also LOVE an all inclusive package holiday, where I can double book myself with TWO books, slurp drinks with cocktail umbrellas and eat ice creams all day long. YUM!

What is your dream holiday like? Why not design it on the postcard below.

We can't always go to the places we dream of BUT sometimes, when I draw a picture OR write a message, it helps take my mind there, and I can almost hear the waves crashing on the shore.

Take yourself away on an imaginary adventure by drawing a picture of your dream holiday and writing a message to a loved one.

Have fun.

Love Meg xxx
